# Sequoyah Evergreen Outdoor Wood Furnaces

Barrett Enterprises is proud to distribute the Sequoyah Paradise Evergreen line of outdoor wood stoves. If you want the most features for the dollar spent on an outdoor furnace, the Evergreen line provides the "most bang for your buck." These high quality furnaces come in 3 sizes to meet the needs of every homeowner.

They are made in the United States and use only 1/4" boiler-plate steel for a long dependable life. They can burn wood, coal, or corn. Evergreens have shaker grates, an ash pan, powder coated paint, legs, pallet hooks, a forced air draft, water tubes in the top, electronic controls, 8" smoke stack, 8" fiberglass insulation, and a 20 year limited warranty with 3 years of full coverage.

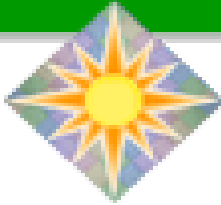

Revised September 25, 2008

## Check Out The Benefits

- Units available in the Little Spruce, Whispering Pine and Mighty Sequoyah models
- Burns wood, coal, or corn
- Heating capacities up to 15,000 square feet or 400,000 BTU's
- Cleaner environment with low emissions design
- Uses wood, a renewable energy source
- No dependency on foreign oil or rising energy costs
- Save on monthly heating costs
- Easy connections to new or existing home heating systems
- Uses only 1/4" boiler plate steel
- Maximum hold water jacket for steady heat
- Shaker Grates and Ash Pan for easy cleanout
- Hookups for heating Multiple Buildings.
- Made in the U.S.A. by Sequoyah Paradise.
- 20 year pro-rated warranty with 3 years of full coverage on each Sequoyah Evergreen
